1 OUR STUDENTS

The students admitted in the international come from multiple backgrounds and walks of life. From Pre-K to 12th Grade, they are taught to become fully fluent in English.

2 WHAT THEY LEARN

Our students are given extra hours of English as soon as Pre-K. From 6th grade, they are taught the honors program in Literature, English & Arts, and History & Geography (DNL), following the Common Core standards and the curriculum of the French Ministry of Education.

The Bilingual choice

A bilingual education empowers our students by teaching them to apprehend the complexities and challenges of our world through different cultural prisms, from their young age to becoming young adults.

This choice also eases intergration from foreign countries, and stay in touch with American cultures and traditions.

To perfect one's English : for business, for travel, for family, for desire.

3 DIPLOMAS

- DNBI (Diplôme du Brevet International) for 9th Grade. 100% success rate in 2024, with honors.
- BFI (Baccalauréat Français Internationale): Prepared in high school, sat in 12th Grade. First BFI graduates in 2025.

Thanks to an agreement between countries, overseen by the College Board in the United States, our students can study abroad in prestigious universities.
